WHAT IS YOUR DISEASE?

These are the Diseases of which We have Cured so Many Men, Many of Whom Failed to Receive a Cure in Treating with Other Specialists. These Diseases Cast a Shadow and a Blight Upon the Lives of Many Men Who Would Otherwise Have Bright Futures in Store For Them. If You Are a Sufferer, Don't Put the Matter Off Another Day.

Our Direct Treatment for Weakness of Men

Kidney, Bladder, Enlarged Prostate Gland and Obstructions

"914"

YOUNG MIDDLE-AGED OLD MEN

That disorder commonly known as weakness has for years and generations baffled the efforts of physicians, yet to this very day a majority of doctors, specialists not excepted, are attempting to overcome it by methods that have been in constant use and have always failed for half a century. They dose the system with powerful stimulants and tonics, calculated to restore nervous force or strength that is not and never has been lacking, with a result that the functions are temporarily excited to the positive detriment of the patient. Weakness—we call it such for convenience just now—is only a symptom resulting from a chronically swollen and inflamed prostate gland, and is curable by local treatment only. Either early dissipation or some improperly treated contracted disease is responsible for the inflammation in most instances, though accident, injury, strain, etc., may produce the same result. We permanently cure these cases of premature loss of vigor, etc., without the giving of a single internal dose, which demonstrates the absolute accuracy of our understanding and treatment of this disorder, and we have entire confidence in our ability to cure all cases that come to us for treatment. We are equally certain that no treatment other than that which we have perfected can completely and permanently restore strength and vigor.

With these diseases you may have more complications than are presented by any other diseased organ. By our searching illumination of the bladder we determine accurately the disease, and by our microscopic examination and urinalysis we make doubly sure the condition of the kidneys, thus laying foundations for scientific treatment.

Varicooses

We daily demonstrate that Varicose Veins can be cured in nearly all cases by one treatment in such a satisfactory way that the vital parts are preserved and strengthened, pain ceases, swelling subsides, a healthy circulation is rapidly re-established, instead of depressing conditions. We guarantee you a cure to stay cured or refund the money for services rendered.

Hydrocele

Hydrocele or water in the scrotum cured in 30 minutes, without cutting, pain or loss of time.

Stricture

Stricture of the urinary passage, causing an interruption to the flow of urine, scalding and frequent urination cured in 10 days.

Cures Blood Diseases

We use the newest and latest treatment for Blood Poison and Skin Diseases. Professor Ehrlich's (of Germany) NEOSALVARSAN or "914," the improved Salvarsan, instead of the old remedy called "606." Neosalvarsan is absolutely safe and harmless and more effective than "606" and can be administered in the office painlessly and with absolutely no ill effect whatever or detention from business. This treatment is far superior to any other employed in the cure of this dreadful disease. Symptoms begin to disappear in a few hours after the administration of this remedy. If you have or ever had this disease in any stage or form, do not fail to call and get this wonderful treatment and be cured for life.

FREE CONSULTATION

Don't Let Money Matters Keep You Away. Not a Dollar Need Be Paid Unless a Cure Is Effected, Our Policy
